NEWS RELEASE

FOR IMMEDIATE RELEASE

September 21, 2022

The City of Kimball has hired Advanced Meter Service to assist with the replacement of water meter and electric meter infrastructure with automatic meter readers. Installation crews will have identification on their vehicles with the City of Kimball Logo and will be wearing Advanced Meter insignias. The installation process has begun and will continue through the end of November. Crews will be working on the following days and times:

Monday – Friday 8:00 a.m. to 4:00 p.m.

Saturday 10:00 a.m. to 2:00 p.m.

City crews will also be contacting residents who have meters inside their home in advance and requesting appointments for service. For residents who are not at home during the time of contact, a door-hanger will be left requesting a call to the office to schedule an appointment.

We will be working through the changeover internally and appreciate the public's cooperation and patience while we switchover to a more efficient system for all. We will continue to update the public of any changes. For any questions regarding this project please contact the City office at 308-235-3639.
